

SUBDIVISION MONUMENTS BOND

_____, as Principal, and
_____, a corporation organized and
existing under the laws of the State of California and authorized to transact surety business in
the State of California, as Surety, are held and firmly bound unto the County of San Luis Obispo
for the cost of monumentation as shown on the final map of Tract No. _____, which
is not to be completed prior to the recording of the said final map, in the sum of \$_____
_____, lawful money of the United States of America for the payment of which we bind ourselves, our
heirs, representatives, successors, and assigns jointly and severally.

WHEREAS, said Principal has submitted for approval to the County of San Luis Obispo
a final map of Tract No. _____, with a certificate thereon by the engineer or surveyor
responsible for the survey for the final map stating that some or all of the monuments will be set
in the positions indicated on the final map on or before a specified later date; that pursuant to
Section 66496 of the Subdivision Map Act, the County of San Luis Obispo requires that the
subdivider furnish to the Board of Supervisors thereof a bond in an amount equal to the
estimated cost of setting such monuments not already set prior to recording of the final map,
guaranteeing payment of the cost thereof.

NOW THEREFORE, the condition of this obligation is such that:

1. If said subdivider does not present evidence to the Board of Supervisors of the
County of San Luis Obispo that he has paid the engineer or surveyor for the setting

of the said monuments, and if the engineer or surveyor notifies the Board of Supervisors that he has not been paid by the subdivider for the setting of the monuments, the Surety shall pay to the Board of Supervisors the cost for the setting of the monuments, the amount paid not to exceed the amount of this bond.

2. If the engineer or surveyor charged with the responsibility for setting the monuments dies, is disabled, or retires from the practice of engineering or surveying, and the Board of Supervisors directs the County Surveyor, or such other engineer or surveyor as it may select, to set such monuments, and if the subdivider does not present evidence to the Board of Supervisors of the County of San Luis Obispo that he has paid the substituted engineer or surveyor for the setting of the monuments, and if the substituted engineer or surveyor notifies the Board of Supervisors that he has not been paid by the subdivider for the setting of the monuments, the Surety shall pay to the County of San Luis Obispo the cost of setting of the monuments, the amount payable not to exceed the amount of this bond.

Dated this _____ day of _____, 19_____.
